DRUG TESTING COORDINATOR/OBSERVER

This training 2-hour training session is provided to squadron/unit drug testing coordinators and observers and Navy's Urinalysis Program Coordinators (UPC). This training provides the attendees with the knowledge of the correct procedures required to collect, package, and ship drug testing samples to the appropriate drug screening laboratory. Training materials are provided and mandatory drug testing is required for certification.

UPPERS, DOWNERS AND ALL-AROUNDERS

This 4-hour training looks at the most current and comprehensive information on the physiology and sociology of drugs and compulsive behaviors. The training is open to all active duty personnel, DoD personnel, and civilian employees.
