STATION ORDER 4030.3C

From: Commanding Officer
To: Distribution List

Subj: AIRCRAFT ENGINE CERTIFICATION FOR SHIPMENT PROCEDURES

Ref: (a) MCO P4030.19F
(b) MCO P4600.7C
(c) NAVAIR 15-02-500 (NOTAL)
(d) MCO 4600.14B

Encl: (1) SHIPPER'S DECLARATION FOR DANGEROUS GOODS

1. Purpose. To establish procedures to ensure the proper certification and safe shipment of aircraft engines.
2. Cancellation. StaO 4030.B.
3. Background. Additional precautions are required for the safe transportation of aircraft engines to ensure the prevention of accidents. All engines are to be inspected and certified that hazardous chemicals are not present within the internal areas of each unit and that proper draining and purging procedures were accomplished.
4. Action. All activities requiring aircraft engines to be shipped off station will ensure procedures are in compliance with references (a) through (d). In addition, all engines being shipped off station are required to be inspected and certified as "Ready for Shipment" by the shipping activity. After certification, the activity shipping the engine must complete and sign a DD Form 1348-1, stating the aircraft engine(s) have been properly drained and purged for shipment in accordance with reference (c). The DD Form 1348-1 certification, along with other required documentation, will accompany the aircraft engine(s) to the Station Supply Freight Section located in Building 324. The Freight Section will complete the shipping action by making the final certification for shipment on the enclosure as required.

StaO 4030.3C
19 Jun 95

5. Summary of Revision. The enclosure is changed in its entirety.

A. M. TORRANCE
By direction
