Importers and exporters must complete Form 3–177 (Declaration for Importation or Exportation of Fish or Wildlife) for all imports or exports of wildlife or wildlife products. This form provides an accurate description of the imports and exports. OMB has approved the information collection for Form 3–177 and assigned OMB Control Number 1018–0012. Normal business practices should produce records (e.g., invoices or bills of sale) needed to document additional sales or transfers of the wildlife or wildlife products.

Generally, we do not require individuals and government entities to submit a report on activities conducted under the authority of a designated port exception permit. On an occasional basis, we may require entities to provide a report on activities conducted under a designated port exception permit or an import/export license.
