

## PUBLIC NOTICE

# NOTICE OF AVAILABILITY TO REVIEW PROPOSED PLAN FOR ADDRESSING CONTAMINATION AT MUNITIONS RESPONSE PROGRAM SITE 1A MARINE CORPS AIR STATION YUMA, YUMA, ARIZONA

Marine Corps Air Station (MCAS) Yuma invites the public to comment on the Proposed Plan for Munitions Response Program (MRP) Site 1A. The Proposed Plan identifies the preferred alternative for addressing contaminated soil at this site, and provides the reasoning for this preference. The Proposed Plan is part of the United States (U.S.) Department of Defense program for investigating, characterizing, and cleaning up soil resulting from past years of operation at military bases. The public is invited to review and comment on the Proposed Plan before a final decision is made on the selected remedial alternative.

The preferred cleanup alternative for this site is considered the best approach to protect the public and the environment, and to comply with regulatory requirements. The regulatory agencies that oversee the investigation and cleanup of this site are the U.S. Environmental Protection Agency and the Arizona Department of Environmental Quality. Both agencies agree with this preferred alternative.

Copies of the Proposed Plan will be available during the public comment period at the MCAS Yuma Information Repositories:

### **Yuma County Main Library**

2951 South 21st Drive  
Yuma, AZ 85364

Monday through Thursday 9 AM to 9 PM;  
Friday and Saturday 9 AM to 5 PM
